

## Cell Organelle Flashcards

Objective: You will create organelle flashcards in order to create a study tool that will help increase your comprehension of cells to prepare for the upcoming assessment.

Directions: Obtain 19 index cards (if you don't have any, you can cut out index sized cards from computer or construction paper) and make one card per organelle found on the list at the end of this paper. You will find the information to complete these flashcards from the organelle PPT on my website [mattsonclass.weebly.com](http://mattsonclass.weebly.com). The flash cards must be set up like the template below:

Front of flashcard:

(name of organelle goes here)
-------------------------------

Back of flashcard:

(description of organelle goes here- including its function & a colored picture)
--

You should have one flash card for each organelle below (19 total).

Organelle List:

1. Cell membrane
2. Cell wall
3. Nucleus
4. Nucleolus
5. Ribosomes
6. Cytoplasm
7. Rough Endoplasmic Reticulum
8. Smooth Endoplasmic Reticulum
9. Golgi Apparatus
10. Vacuoles
11. Contractile Vacuole
12. Central Vacuole
13. Lysosome
14. Mitochondria
15. Chloroplast
16. Cytoskeleton
17. Flagella
18. Cilia
19. Centrioles
